absolute faith in Its loving willingness and all-powerful ability to serve you.

"I AM"

SUGGESTED DECREE

My very own Beloved "I AM" Presence, the individualized Presence of Almighty God within me, and my own Beloved Holy Christ Self! Take complete, immediate and eternal command, control and possession of me—my entire being and world—this day. You see to it for me that the Divine Plan of my lifestream manifests in, through and around me all day and that *naught* else is ever allowed to act, manifest or longer be sustained in my world for any reason whatsoever. Day by day, move me steadily, easily and quickly forward into greater and greater light, until I and all mankind are wholly ascended and free. I consciously accept this made manifest—*right here and now* with full power!

Fraternally Yours

DEAR FRIENDS OF "THE BRIDGE": How grateful I am! My heart overflows with gratitude that your blessed publication found me—or I found "The Bridge"! My prayer-filled heart sends love to each and every one who has a part in this publication. I hope to never miss a single issue. In all sincerity—Mrs. L.E.C., Macy, Indiana.

EDITOR: The feelings of sincere gratitude, enthusiasm and real joy are close "relatives"—where one is, the other two are also! It has been said that "Joy is the mighty motor of existence" and true that is! However, both "enthusiasm" and "gratitude" do a fine piece of "pulling" work too for, by their very nature, they draw and hold mankind's attention forward and upward upon the good, the true and the beautiful!

All of Us in Our Realm do so enjoy seeing these God-qualities expand in any lifestream for, to Us, they appear as expanding light substance in and around the body, mind and world of such an one. Then, through the loving assistance of Our Legions of the Angelic Host Who so willingly and instantly do our slightest bidding, We endeavor to sustain and expand the gratitude, enthusiasm and joy—especially of the "new" student—all the rest of his way "Home".

A Monthly Journal Devoted to Individual Unfoldment, Contact with The Great White Brotherhood and Cooperative World Service

Volume VII MAY, 1958 No. 2

To God's Most Holy Will:

We, the Great White Brotherhood, sincerely dedicate and devote all Our full gathered Cosmic momentums of the power of Divine Love to the externalizing here on Earth of the Divine Will of God—WHICH IS GOD GOOD!

Particularly do Beloved Hercules and Amazon, Lord Michael, Faith and My humble Self pledge Ourselves to make God's Will clearly known to the chelas who desire to co-operate with that Will—through themselves first and then through the evolutions in the Earth, on Its surface and in Its atmosphere. Further, all the enthusiasm, constancy, endurance and strength of Our lifestreams are at the service of such chelas—*instantly at their call.* By this help, their knowledge may be coupled with active service on those planes of consciousness wherein GOODNESS is not FULLY expressed—the emotional, mental, etheric and physical planes of consciousness, wherein, for the most part, the people of Earth dwell during embodiment here and even where they abide after so-called "death."

Thus, there comes to you as Our humble contribution to the forward evolution of the Earth and Its people, the instructions of the Great White Brotherhood in simple, practical, usable terminology, through "The Bridge to Freedom". Accept Our gift! Use it! Create upon the Earth the Kingdom of Heaven and make Her Freedom's Star manifest NOW! So be it!

The Homes and Retreats of The Masters of Wisdom

TEMPLE OF GOD'S WILL—DARJEELING, INDIA

(May 15th through June 14th, 1958)

In the foothills of the majestic Himalaya Mountains, looking out upon the ever-rising crests of snow-covered peaks, stands the home and Retreat of the Chohan of the First Ray, Beloved El Morya. It takes a tremendous strength of character and determination to represent God's Will on Earth, where the mass mind of the people—lethargically or resentfully—accept as God's Holy Will the many vicissitudes which plague them as a result of their mis-use of life and disobedience to that Will.

Thus, through centuries of time, the Beloved El Morya was prepared to hold this Office and His Own nature, coupled with the light in His Causal Body, finally did so prepare Him to become the manifest Example and Exemplar of God's Will to the people of Earth. Then, to be able to expand the manifestation of that Will among Earth's evolutions here, it became necessary for Him to find chelas (unascended lifestreams) who could and would accept His directions and council and endeavor through the use of their own talents, gifts and powers, to make these directives available to the more receptive minds of the race.

El Morya chose India as His headquarters on Earth because He had served in that country for many ages before His Ascension, and because it has such tremendous momentums of a spiritual nature from the past. He chose the particular location of His Retreat also because of the inaccessibility of these high lands to the merely curious. This location gave Him and His Brotherhood greater freedom to develop Their momentums of the manifesting of the Will of God as a living, breathing, pulsating Flame and Ray, whose radiation is constantly flowing through the lower

atmosphere of Earth wherein the people unascended dwell. The Masters of Wisdom have always preferred the quietude afforded by the relatively inaccessible places provided by Nature—especially for Their Homes and Retreats.

It takes a real conscientious seeker after Truth to make a physical pilgrimage to such Retreats—for such a pilgrimage is very tedious and discomforting to the physical as well as to the inner bodies and few there be who, setting out upon such a quest, carry it through to victorious accomplishment. Now, of course, as the Homes and Retreats of the Ascended Masters have been so mercifully brought to the conscious attention of the chelas through this Activity and such chelas have been invited to visit them by means of projected consciousness and without physical strain of any kind, the old order has changed and every man, woman and child interested in such visits is lovingly and joyously welcomed as they visit these Retreats.

Driving or walking up the tree-lined entrance to Beloved El Morya's home and looking upon the magnificent edifice which is His headquarters, Beloved Morya's personal elegance and fastidiousness are noted by the discerning chela, being reflected, not only in the architectural beauty of His home, but also in the magnificent gardens which surround it. There is a great sense of warm welcome and graciousness which radiates forth from this Focus. Many holy men and women are drawn toward this Retreat and the campfires of the pilgrims often light up the surrounding hillsides by night, adding to the lustrous glow of the Temple of God's Will. Some, more venturesome, may be seen in the early morning hours, silently walking through these gardens, sometimes picking just a single flower to take with them as a memento of their visit. Often Beloved Morya smiles at this seemingly "unknown" devotion, as—a Prince of Princes—He stands looking out of one of the bay windows in His lovely drawing-room. Well He knows that such a flower in the possession of a pilgrim is an anchorage of His consciousness in the world of such an one.

Entering into the actual home of El Morya, the chela is always graciously welcomed by One of His Hosts and, according to the chela's spiritual development and requirement, is he or she allowed to enter into the drawing-room at the left of the center hall. In this hall is a miniature of the Taj Mahal, in loving honor to His Brother and Fellow-server, The Ascended Master Kuthumi. In the drawing-room there is always a fire burning in the grate; a tea service set out and the piano opened so that chelas so inclined may play upon it. Sometimes, Beloved El Morya Himself will play upon this piano. He plays the beautiful Music of the Spheres or the more commonly known melodies which have become dear

to the hearts of men as His Own endeavors at musical composition when, before His Ascension, He was the Irish composer, Thomas Moore. This is not to be confused with Thomas More, Who lived some centuries before, but whose personality was also ensouled by El Morya.

At the right of the beautiful entrance hall is the Council Chamber of the Beloved El Morya. Here, from time to time, the wise and spiritually elect gather together to learn the Law of Life. Also individuals who are primarily interested in the furthering of Universal Brotherhood and Divine Government are allowed the privilege of entering this Privy Council and sitting at the feet of El Morya, Whose advice has helped many a patriot and governmental official to avoid national and even international disaster.

All of the Ascended Masters, having become HARMONY itself in every cell and atom of Their beings, are very talented musically. It is not unusual to see Them gathered around Beloved El Morya's rosewood piano, blending Their voices in song. El Morya Himself has a lovely tenor voice; Beloved Kuthumi often accompanies Him on the piano; the blessed Saint Germain plays the violin and Beloved Paul, (the Venetian Master) plays the harp. So do They have a merry time. Of course, the energy thus released and qualified with such exquisite harmonious beauty, is always consciously directed into the worlds of the chelas and then out through all mankind, as a buoyant and spiritual vitalizing power. THE ASCENDED MASTERS NEVER USE LIFE WITHOUT SOME DEFINITE PURPOSE. Yes, surely, They do enjoy communion with each other, but, always, the gifts which result from such communion becomes a vital, redeeming quality of energy for the entire human race.

An Address by
BELOVED EL MORYA

December 31, 1958.

By Jove—beloved ones—at the end of a year as exacting as was 1957, it is really magnificent to be able to present to the Karmic Board all of My chelas *intact*—and have an expansion of the light of those chelas, as well as an increase in their numbers! Now, at the close of the year, you have come to join in the various festivities and Councils at the Royal Teton. Think a little about

the word "intact"—it means a great deal more than just "all together"!

I am grateful indeed to have this opportunity to personally thank you again for your service, your constancy, your faith and your practical application of the Law—all of which have been made manifest in works well done. You see, as your Sponsor at Inner Levels, it has been and still is My opportunity, as well as responsibility, to offer My light as a balancing power for every bit of the light which was given you by the Divine Ones *but not used by you* during the year. Your Divine Friends, from time to time, present to you certain applications for your edification, illumination and, perhaps most important of all, *for your practical use!*

You see, as We have told you many times before, life is very precious indeed in our Octave and, when We give you Our assistance through radiation, *that is Our Own life!* We are held wholly responsible, of course, for what We do with that life and, having sent it forth, there must be a return on Our "investment", as it were. If that "return" is not forth-coming from those to whom it was given as works well done by its use, then We must "make the balance" therefor by some extra service on Our part—for the perfect balance of giving and receiving is always held inviolate with Us. Therefore, We are always so grateful when you take up the instruction We present and use it in practical service, both for yourselves and your fellowmen.

Opening of Cosmic Highways

Concerning the subject of Cosmic Highways which the Beloved Maha Chohan mentioned in an earlier address in this Class (but upon which He had not the time then to elaborate), before we go to the Teton later this evening, I thought I would give you some information thereon which might interest you.

When any Sun-God and Sun-Goddess desire to create a Planet (or series of Them) and the evolutions which will inhabit Them, They do so with the loving co-operation of the Planetary Silent Watcher, the Seven Elohim, the Builders of Form and Forces of Nature. Finally, when that Planet (or Planets) is habitable and the spirit-sparks which have been held within the Heart-flame of the Sun-God and Sun-Goddess from Whom that Planet came, are ready to take embodiment thereon, there is a Rod of Spiritual Power placed within the keeping of the Lord of that Planet—this being known as "The Lord of the World". That Rod of Spiritual Power keeps the souls who are destined to evolve upon that Planet within Its orbit while they are in embodiment there and, too, between embodiments as they abide in certain spheres

around the Planet until they are ready for physical birth again.

This Rod of Spiritual Power has been used all through the ages by Our Beloved Sanat Kumara and some of you have read about It many times. It has been safely kept at Shamballa and now Our Beloved Gautama (New Lord of the World) guards and governs It and Its use for the Earth. Beloved Lord Maitreya, (the New Buddha) also wields this Rod of Spiritual Power with great efficacy at the Wesak Festival each year. The action of this Rod of Spiritual Power is similar to that of the gravity "pull" of Earth, insofar as It keeps all the life which belongs to the Planet within Its Own orbit and sphere.

In interstellar space, between the various Planets and Systems, there are great Cosmic Highways of Light created by Divine Intelligences and, most of the time, these Highways are closed and guarded until some Cosmic moment when certain important activities are about to take place. At such times, great Divine Beings from the highest Sun of our Galaxy (in Our case, Beloved Alpha and Omega of the Great Central Sun) are sent forth to open these Highways. With the loving co-operation of the Lords of each Planet concerned, these Beings literally *de-magnetize* the Rods of Spiritual Power held on the various Planets. Thus They create an open pathway into the atmosphere of the Earth and other Planets concerned. That de-magnetization usually takes place by Great Seraphic Beings and this allows the coming into Earth's atmosphere and even upon Her surface (as in the case of Those visiting the Royal Teton) of Divine Beings of tremendous light Who are so lovingly willing and able to assist in the expansion of our Planet's light in the Cosmic "push" of this moment.

When the Cosmic Moment has passed and the service to the Planet in question is completed, the Great Seraphim then close those Highways between the various Planets and Systems. They simply restore again to the Rods of Spiritual Power held by the Lords of those Planets, the original magnetization which remains with Them until another Cosmic Moment comes into being. As each Divine Guest from other Planets and Spheres returns to His or Her Own "Home", the magnetization of the Rod of Spiritual Power belonging to that Planet is returned to that Lord of the World. Then, during the time the Cosmic Highways are closed, these great Beings remain and serve within Their Own Solar System; within Their Own Universe, let us say,

The opening of these Cosmic Highways from time to time makes it possible for Great Solar Lords, Cosmic Beings, Seraphim, Cherubim and the Angelic Hosts, some of Whom belong to the Sun-God and Sun-Goddess Isis and Osiris, Apollo and Diana,

Krishna and Sofia, and the various Sun-Gods and Sun-Goddesses of those Planets and Systems Who are particularly interested in helping the Earth and Her evolutions to emit more light now and become "Freedom's Star". You see, the "S.O.S." has gone out from our Planet here and this has been heard by the entire Cosmos. Of course, because it is the very nature of all Divine Beings to want to raise life and thus expand Their Own light, such Beings take advantage of the use of these beautiful Cosmic Highways, particularly when the Retreat of the Royal Teton is open. These days, these Highways are just filled with such glorious Beings of blazing light—great numbers of Them just streaming into the atmosphere of Earth to visit here. They bring with Them all the love, understanding and radiation of Their Own Suns and Systems and all therein and this is all added to the assistance of the people of Earth as Their gift.

Now this explanation of the Cosmic Highways and Rod of Spiritual Power makes it very clear why the possiblity of unascended mankind visiting other Planets—even in our own System (as conceived by certain of Earth's people)—is not possible at the present time, because of the powerful "pull" of the Rod of Spiritual Power held at Shamballa, which holds all that belongs to the Earth within certain confines of space. Of course, once a lifestream (from the Earth or any other Planet) achieves the victory of the Ascension, that one *automatically arises* out of the atmosphere of Earth and then, by the use of his or her own free-will, chooses whether they will return to serve in the atmosphere of the Planet where they gained Their victory, or go to some other sphere to serve.

Presenting of Petitions to Great Karmic Board

Beloved ones, the magnificent Royal Teton is presently the Host to so many Divine Beings from other Suns and Stars—from every Ascended Master Retreat upon the Planet Earth and the Etheric Realm around It—as well as from the Foci of activities of Cosmic Beings and Angels at Inner Levels. Over the Teton in the atmosphere, stand the seven beautiful chairs of the Great Karmic Board, made of a substance like crystal, studded with blazing emeralds. These chairs are upholstered with a beautiful bright green substance similar to your velvet. The glorious Portia (Goddess of Justice) as the present Spokesman for this Board, is seated in the central chair, the back of which is higher than the rest. In honor of Her Own Twin-flame, the Beloved Saint Germain, She wears the magnificent purple garments, holding in Her hand the Scepter of Power which is His Rod of Power and Authority as the presiding Chohan of the Earth for the next

two thousand year cycle. The other six members of the Karmic Board are also wearing purple, and the seven-pointed crowns, studded with the brilliant amethyst jewels. At the close of this meeting tonight, the Beloved Vista will again occupy the chair of the Spokesman of the Karmic Board, because of His activity in 1958 as one of the Sponsors of that year.

Our Beloved Portia and the other Members of the Karmic Board have begun to listen to the petitions being presented at this Teton gathering—the first of those being from the Beloved Hercules the Great Elohim of the First Ray, and His Twin Flame, the glorious Amazon. They made a tremendous plea for the resuscitation of the Earth at this time and for the strengthening of both the inner and outer vehicles of the chelas. They also made a plea for permission to give added vitality to the elemental substance of the Planet and to allow an ever greater release of power from the Beloved Polaris and Magnus Themselves Who control the axis from the heart of the Earth. After the Elohim were heard, the mighty Archangels presented Their petitions which have had incorporated into them many of your own personal petitions and ideas for light's expansion here.

As you know, the Great Karmic Board reserves the handing down of Their decisions until They have heard all the petitions from all assembled and until They find out just how many unascended lifestreams now in embodiment on Earth can be depended upon to co-operate here to the actual bringing into manifestation that petition during the coming year. So, We eagerly await the results of Their findings. While I am speaking to you here, the Beloved Lanto and Confucius are honoring the Sponsors for 1958 and, while the Beloved Vista is seated with the Karmic Board *above* the Teton, the other Three Sponsors (Crystal, Gabriel and Hope) are within the Great Central Hall of the Teton Itself.

Beloved Mother Mary again made a tremendous petition for the dissolution at Inner Levels of all destructive karma of those who are to take embodiment here from now on. As She made Her petition, She was joined, as always, by the Beloved Kwan Yin, Beloved Meta, Beloved Nada and all of Those Who are so desirous of seeing destructive karma removed from lifestreams BEFORE they come into embodiment! Now, with so many Violet Flame Cauldrons active in the atmosphere of Earth and with the Temples active at Inner Levels open for instruction between embodiments, there should be a great deal more purification available to these lifestreams to transmute destructive karma before they enter into birth here again. Beloved Mary's petition is that this may be done so that when She vests each lifestream with the Sacred Heart in May of 1958, there may not

be born to any mother upon this Planet—either now or in the future—any child with a deformity of mind or body, or even the "cause and core" of such a deformity which might manifest later in that one's life experience here!

"Causes and Cores"—Living Entities

Speaking on the subject of "causes and cores" upon which you work so much here, individually and as a group, have you thought about the picture you hold in mind concerning this "cause and core" of anything? Looking at your inner worlds of thought and feeling as, of course, I am easily able to do, I see that to most of you that "cause and core" seems to you like a "dead" and "still" accumulation of substance. I see your picturization of such "causes and cores" looking something like charcoal—dark and dead. However, it is very, very different from that! Actually, such "causes and cores" are constantly pulsating accumulations of substance discordantly qualified, which send out radiating energy all of the time. This is the "heart-center" which gives life to the entity. When I say "radiating" substance, I did not say *"radiant"* energy. There is a difference—so let us be specific. I mean that the "cause and core" of any condition upon which you are decreeing is a living, moving thing—like a whirlpool of energy, with discordant radiation passing out from it.

When you call to the Beloved Astrea to lock Her Cosmic Circle and Sword of Blue Flame of thousands of Suns from the Great Central Sun around such a "cause and core" and then "close in upon it"—what happens? Through the Beloved Astrea's great assistance, the motion of the whirling center within that "cause" is stopped—the radiation of the destructively qualified energy ceases and the cohesive power which held those electrons together to form a focus of distress—that cohesive power then lets go. When that lets go—those electrons immediately arise and return to the Sun of their Source for purification by Violet Fire and re-polarization by Divine Love so that they may be used again to fulfill some Divine Plan. We shall be so grateful when you are actually able to see what takes place at your call.

As the Beloved Astrea moves into action upon that "cause and core" with Her Circle and Sword of Blue Flame, that Circle of Blue Flame completely surrounds that whole accumulation and closes in upon it. The Sword of Blue Flame strikes down from above, directly into the center of that "cause and core", loosing the cohesive power which holds it together. Then the electrons separate—they literally "fly apart" and *that focus of discord is no more.*

Now, conversely, you have a constructive manifestation of a

"cause and core" of LIGHT in what you refer to as your "Silver Cord"—the stream of life (light-essence) constantly pouring from your "I AM" Presence into your physical heart and your Holy Christ Self which is anchored there. Of course, the radiation which pours out from these "causes and cores" is *wholly constructive* and is a living, constantly flowing activity of light substance. There is really nothing static in this whole Universe, beloved ones. Your individualized Presence "I AM" originally set up the "cause" of your manifestation here and then the "cause and core" of Divinity was actually anchored within your physical heart. The radiation passing out from this "cause and core" IS GOOD and is the *positive, constructive,* vibratory action of your own individualization.

Tiny Replicas of Chelas' Inner Bodies

We have told you before (Beloved Kuthumi and I, particularly) that We have made very small replicas of the inner bodies of each of our sincere chelas and these are held in a certain place prepared for them within Our Retreats. Your many and frequent calls for Our assistance during 1957 were the "cause and core" of many buzzing sounds coming forth from those replicas—sometimes it sounded like a hive of busy, buzzing bees. You see, these replicas are made of very, very sensitive etheric substance which records your every thought, feeling, spoken word and deed of each day in form and color and they register very accurately! Whenever there is a call directly to Us—one which uses Our Name particularly, Our attention is drawn to these replicas by a little "buzzing" sound, shall we say. Once in every twenty-four hours each one of these replicas is looked over by Us and in this way We are kept wholly cognizant of the steady expansion of your light and the type of assistance you need to "keep on keeping on". However, during that twenty-four hours, there are many "buzzes" come from these little forms as you consciously call for assistance of some kind. While We are always so lovingly and eagerly willing to give you full and immediate help and, by so doing, We expand Our Own light in service, still We are hoping that 1958 will be a much happier year for you and that the "buzzes" will be from the "causes and cores" of happier experiences than some you may have had this past year. However, keep Our "lines" humming with your love and calls to Us for "I AM WITH YOU ALWAYS!" I love you and am ever desirous of helping you when you have any apparent need.

Sometimes, when We hear these "buzzes" coming from the little replicas, We may be engaged in some vital conversation in another room with, perhaps, the Beloved Maha Chohan or We might be engaged in some Cosmic service which We could not well leave at the moment. As soon as We hear the call, immediately there goes forth from Us a Light Ray which will take care of the *immediate* need. Then, at the very first opportunity, We many times go in Person to the individual to complete the asssitance necessary to be given.

You see, your appearances of distress are not REAL to Us as they seem to be to you! WE KNOW THEIR UN-REALITY; WE KNOW THAT NO DISCORD HAS ANY POWER OF ITS OWN AND IS NEVER PERMANENT! We have passed the way of Earth; have passed through those experiences Ourselves and, having mastered them, We are now in a position to give you the benefit of Our fear-free consciousness and feeling concerning them and Our feeling of ABSOLUTE FAITH IN THE INFINITE, EVER-PRESENT GOODNESS OF GOD. As We radiate these to you, *Our feelings* thus comfort and sustain you—setting your worlds into balance again so that you are able to handle your problems with greater ease, intelligence and victorious accomplishment.

Dear hearts, WE LOVE YOU and while We could have gone into the Higher Realms (Nirvana) many times while the Cosmic Highways were open, We stayed here to minister to you—FOR LOVE'S SWEET SAKE! We believe in you! We trust you! We are happy indeed that you are on our "wire"! *We are so glad that you believe in Us and Our power to help enough to make the call.* Always remember that IT IS OUR JOY TO SERVE YOU—until ONE DAY YOU WILL NO LONGER REQUIRE THAT ASSISTANCE—for you will then have YOUR OWN GOD-FREEDOM!

Let Me thank you all for your pliability, interest in Our Cause and eager willingness to give the obedience to Our requests. I smiled a bit during a recent address in which you were getting a lesson in pliability. I think if there was anyone who needed to learn to be *pliable*—it was Myself! Of course, this was before My Ascension. I was most adamant in My ideas as to the Will of God and I am sure that My association with the Beloved Kuthumi for hundreds of years was at least a part of that which helped Me to develop the pliability which is so essential to the chela on the Path. I am grateful indeed that you are endeavoring to master this God-quality, for I know that some of you are so very one-pointed and find it difficult at times to be pliable. I can understand your feelings in this.

May I remind you again tonight that "Where your attention is—there you are!" Therefore, while your attention is upon the

(*Continued on page* 18)

THE MASTERS OF WISDOM SPEAK

(ON: THE JOY OF LOVING, WILLING OBEDIENCE TO THE "I AM" PRESENCE)

MAHA CHOHAN:

One of the main spiritual feelings which must be developed in the chela who is aspiring to his own Ascension is JOY IN SERVICE—individually, as well as on a more general scale, to the evolutions which he or she has voluntarily offered to assist. As it is My Office and responsibility to help any and all such chelas to achieve their own highest potential in expanding their own Holy Christ Light, as well as the Light of the world, I cannot over-emphasize the Truth that the desire to serve must be "born" into the hearts of these chelas and *externalized* in *joyous* expression (not, however, in unbalanced fanatical zeal).

Spiritual service is so often performed through a sense of fear, superstition and duty upon the part of the unascended lifestream, but such endeavor has neither the merit nor the efficacy of joyous, happy serving, doing God's Will. Destructive karma (as yet untransmuted) *must* return for redemption to the one who originally sent that energy forth discordantly qualified, *even though that chela be now serving on the Spiritual Path.* Blessed indeed is the chela who can and does continue his JOYOUS service, while still redeeming his own personal karma!

EL MORYA:

JOYOUS obedience in the performance of God's Holy Will seems so difficult for the outer mind to grasp. Yet, it is the KEY TO FREEDOM! Disobedience to the Will of God has been the cause of every limitation experienced by mankind and all the evolutions living in the Earth, upon It or in Its atmosphere. Every direction and instruction that will ever come from your own "I AM" Presence or from any of the Great White Brotherhood WILL FREE YOU (if conscientiously applied) from the *causes* and *cores* of the distresses which limit and bind the outer self. The suggestions to the outer self which have come from the lower nature caused disobedience to the Divine Plan in the first place. The very word "obedience" causes the feelings of some people to bristle. Let me point out to you, dear chelas, that you are required only to give obedience to your own Holy Christ Self (which is the anchorage of your own Beloved "I AM" Presence within your beating heart) and to the Ascended Host of Light (Who have become one with the perfection of your own Presence), in order to be able to free yourselves from the manifested results of the seeds of disobedience which have been sown by you in the past! This God-obedience is an individual surrender of the outer self to that Divine "I AM" Presence and an acceptance of and loving co-operation with the directions of that Presence by the outer mind. This brings tremendous release to the individual and, through such an one, allows the "I AM" Presence to begin to externalize that one's Divine Plan.

As Chohan of the First Ray, quite naturally I can see into the auras of all chelas. Even among the most earnest of these, I often see them flinch at the idea of giving obedience to the Law of Love. After all, obedience to God is only loving co-operation with GOOD! Let me point out that such obedience is wholly a self-conscious voluntary activity entered into by the chela, wherein and whereby he learns to master the energies of his emotional, mental, etheric and physical vehicles. The presenting of the idea of the need for obedience is never an attempt to intrude upon the free-will of the lifestream and We, the Brotherhood of God's Holy Will, *always courteously await the conscious invitation* of every lifestream who desires, within himself, to give this obedience. Then are We able to assist such an one! Remember! WE NEVER INTRUDE! *We come only at your invitation!*

KUTHUMI:

Obedience to God's Will requires *discrimination* upon the part of the chela. This quality is often lacking in the student and We, the Brothers and Sisters of the Golden Robe, are so willing to help any one develop this God-quality of *spiritual discrimination and discernment* within each such earnest chela. Discrimination is not to be confused with "logic", which is purely an activity of the lower mind. True discrimination is a God-gift which enables the chela to cognize Truth and ACT UPON IT! Often, well-meaning teachers upon the Earth impose foolish disciplines upon their earnest followers and the hope in the hearts of such chelas, coupled with innumerable fears and doubts, causes them to follow such disciplines in an endeavor to find Godliness. Think for a moment of the exquisite FREEDOM your own "I AM" Presence and Holy Christ Self have given to you to use life—throughout the ages! Measure your present condition of mind, body and affairs against your use of free-will in the past and present and then, honestly accept the Truth that any distress

or discord results only from your own personal abuse of such FREEDOM and your own free-will choice to disobey the Law of Love!

Any disciplines that RAISE your consciousness and the energies of your four lower bodies into a vibratory action of harmony, peace and love, ARE OF GOD. Any disciplines that merely repress untransmuted feelings and cause frustrations of mind, body, soul and feelings, have little efficacy in your spiritual advancement. THE CHELA MUST WANT TO DO GOD'S WILL and be discerning enough to know what the disciplines offered are now doing and will do in the future to so raise his personal energies BEFORE he really begins the upward climb out of inharmony into peace; out of limitation into opulent supply; out of disease into health and, finally, out of Earth's evolutions into his Ascension in the Light. Thus did We, each Member of the Great White Brotherhood, *attain Our freedom* and thus will you!

PAUL (THE VENETIAN MASTER):

The Brothers and Sisters of the Third Ray rejoice indeed when anyone of God's blessed children desires to know the Will of God and to ACT UPON IT! There are many sincere individuals who think they want to know the Will of God and spend many lifetimes in pursuing various methods of study prescribed by their fellowmen, in the vain hope of learning God's Will. Remember, beloved ones, the Will of God is to establish the Kingdom of Heaven on Earth, through the expansion of PURE DIVINE LOVE. Surely when the outer consciousness becomes aware of this blessed Will of the Father-Mother God for all Their children, each individual can accurately measure those disciplines offered to him by the Ascended Host which will bring love, harmony, peace, balance and joy to himself and to his fellowman. Then, through such an individual, the Holy Christ Self is allowed freedom to expand. The aura of such an one becomes a conductor of that Divine Will into his own world FIRST—then into the atmosphere about him.

Will is often confused with domination. God, Himself, and We His Representatives, NEVER ATTEMPT TO DOMINATE ANYONE! The chela, himself, MUST WANT to do God's Will and then ENJOY expressing that Will in every facet of his activities. He truly becomes a happy, joyous, willing chela and We can assist such a lifestream almost without limit, in his personal as well as planetary endeavors toward the redemption of the unhappy and distressing karma, not only of himself, but of the entire human race.

SERAPIS BEY:

The subject of discipline is close to My heart. For many ages, at the request of earnest students, I have examined their auras and provided for them those disciplines which I knew were necessary to enable them to master the energies of their four lower bodies. When these disciplines were provided in Our Retreat, the chelas were at least somewhat prepared for them and endeavored, according to their own capacities, to utilize them in the overcoming of the habits and tendencies of their human nature. Thus they became conductors into the outer world of pure impersonal Divine Love. Even here at Luxor, however, many chelas have rebelled against such disciplines and have left the Retreat, feeling unjustly and harshly treated.

Now that the Dispensation of the New Age allows chelas the privilege of having Our assistance while they are still living in the outer world, rebellions against such disciplines (which usually manifest through the ordinary experiences of daily life) is even more apparent. Let each dear chela know and remember that every experience of daily life is provided only for the express purpose of developing the Divine Love Nature which is the *true nature* of every child of God. If rebellion, discouragement, discontent and soul-weariness are the fruits of such disciplines, We immediately discontinue them until such time as the soul is ready to *truly enjoy* co-operating with the Will of God—which is the expression of perfection of all—individually and collectively. PERSEVERE!

HILARION:

Practicing obedience to the Will of God through the outer consciousness is A SCIENCE which requires the loving, willing, joyous co-operation of the emotional, mental, etheric and physical consciousnesses until that Will is manifested in, through and around the chela. The vibratory action of each of the four lower bodies of any chela is quite different in each of those bodies. The quickening of the vibrations of each of these bodies so that they act in accord, balance and harmonious expression, humbly and reverently externalizing the perfection of the "I AM" Presence through the outer self, is the SPIRITUAL SCIENCE of which many people have spoken and written but *all too few have actually manifested!*

Fear and superstition are two of the mass entities which have impeded the efficacious use and expansion of this Spiritual Science. Man's reluctance to think for himself and, instead, accept the doctrines of others who are in like limitation, has been a cause of great distress to earnest seekers after Truth. These humanly-

conceived doctrines, bearing only the fruits of disappointment and disillusionment, have caused many earnest seekers after Truth to become temporary skeptics and agnostics. As you know, Our service on the Fifth Ray is to present and expand Truth to all, especially to these confused and unhappy individuals—and one of the facets of Our service is to restore their faith in God's goodness and His desire to have ALL His children happy, harmonious and free of limitations of every kind. This is not always so easy of accomplishment, for the scars of past disappointments are deeply imbedded in the etheric bodies of the disillusioned and such individuals do not quickly accept the true doctrines of Divine Love. Yet, even the beloved ones who formerly abided in the "Compound" are now beginning to realize that the Will of God is GOOD for them, as well as for all Earth's evolutions.

This is the FIRST step, *followed by ACTIVE* participation in the making of that goodness available to all mankind. This SECOND step is one with which few are wililng to co-operate as yet.

The science of mastering the rebellious and uncontrolled energies of the soul through transmutation of such energies (by the use of the Violet Transmuting Flame), IS PRACTICAL INDEED. To this end We serve and to this same end do We invite each and every sincere chela to serve, until the Will of God is known to the outer consciousness of every lifestream embodying upon this Earth as a joyous and beautiful expression of perfection! Help us to this end, beloved ones, and We shall be so appreciative,—proving Our appreciation to you in ways of which your outer mind knows not!

JESUS:

Many centuries ago, I said: "Thy kingdom come! Thy Will be done on Earth as it is in Heaven. . . ." Those who have followed Me have endeavored to express My decree in their own lives and for this, I truly bless them. In My Own life on Earth, I faced many of the trials and tests through which you are passing to day. Therefore, *I know something of the requirement* for you to consciously accept that THE WILL OF GOD IS ALWAYS FOR YOUR GOOD. Think you not that, before My Crucifixion, I questioned God's Will as being GOOD in such an experience? Yet, the centuries have proved without a question of a doubt that the Crucifixion, the Resurrection and Ascension of My physical form were necessary to be experienced in order that I might be the Example for humanity, which would keep HOPE ALIVE in the souls of men.

Now, We enter the Permanent Golden Age for this Planet, which Golden Age is under the direction of the Beloved Ascended Master Saint Germain for the next two thousand years. At your call, I shall gladly give you My full gathered Cosmic momentum of My Own *personal conviction* and *feeling* that THE WILL OF GOD IS GOOD and I shall give this feeling to and through every channel which will allow Me expression in thought, feeling, spoken word and deed. The prophecies of old are soon to be fulfilled and, truly, THE WILL OF GOD SHALL BE MADE MANIFEST for and throughout the entire human race! The expression of that Will WILL BE GOOD!

SAINT GERMAIN:

True inner joy comes to the individual when he voluntarily surrenders his personal will to the Will of God! Then nothing of the outer world can disturb him. Such was My experience before the Ascension and such was the experience of every Member of the Great White Brotherhood Who has attained the Ascension from this Planet or any other Planet in this Universe, System or Galaxy, even those of which you are not presently aware! It is only the refusal of the outer self to surrender to God's Will that causes the Armageddon of the soul. It is My privilege to re-establish the Kingdom of Heaven, right here on Earth.

Thus, I am so eternally grateful to Beloved Master Morya and His Brotherhood for sustaining the focus of God's Will on Earth. As this Crystal Flame with a radiance of Sapphire blue constantly radiates through the emotional, mental, etheric and physical strata of Earth's atmosphere (during this thirty-day period particularly) Its vibratory action and feeling are bound to be picked up by the more spiritually sensitive lifestreams still in embodiment here. They, in turn, will aid My Cause to make of Earth a Star of Freedom.

To Beloved Hercules and Holy Amazon; to Beloved Lord Michael and Blessed Faith, I am also grateful indeed for keeping a living Focus of the POSITIVE FEELING OF THE GOODNESS OF GOD'S WILL upon Earth and in Its atmosphere.

To the dear chelas who have offered to assist Me, I am also most grateful. In this month of May when I, Myself, achieved the Ascension in the Light; when Lord Gautama received His enlightenment; when Beloved Jesus achieved His Ascension—there is a MORE THAN ORDINARY CURRENT OF ADDED SPIRITUALITY flooding the atmosphere of Earth. Accept it! Use it! EXPERIENCE THE JOY OF DOING GOD'S WILL.

BELOVED EL MORYA—(*Continued from page* 11)

Teton, your lifestreams are *actually connected* with the glorious radiations from the Beloved Alpha and Omega (from the Great Central Sun) Who are present there tonight, as well as the Sun-Gods and Goddesses of Our Galaxy, Solar Lords, Cosmic Beings and Angels from there and you are also connected with the energies of My Own humble Self as I am speaking to you here.

Bringing Down the "Thought-form" for 1958

As you have been told so often, each year the Beloved Helios and Vesta, (God-parents of our Earth and our System) decide what can best be done for the Planet Earth and Her people during the next twelve-month period. Then, rather than outlining in detail the way and means of manifesting this assistance, They design what We call a "Thought-form" (for lack of a better medium of expression). That "Thought-form" is given into the consciousness of the Silent Watcher of the Earth. Then the Lord of the World raises His consciousness to the Silent Watcher and draws the "Thought-form" into His Own consciousness. He then projects It into the assembly of all the Great Beings present at the Conclave—each of the Assembly in turn re-creating that "Thought-form" and, at the word from the "Lord of the World", the Assembly then breathes out millions and millions of replicas of this "form" into the atmosphere of Earth, some of these forms being larger than others.

Now, tonight, Our Beloved Sanat Kumara has returned to the Earth to be present for these activities and it will be He Who will receive this "Thought-form". Let us think upon the sending forth of this "form" for a moment. The Beloved Sanat Kumara, after receiving It has to use the power of precipitation in order to externalize It to the gathering. Then, Every Being present re-creates that "form" according to His Own nature, size and capacity and sends it forth. Therefore, some of the forms are gigantic—say those going forth from Beloved Hercules and Amazon and some, going forth from the tiny Elementals present at the Conclave, (themselves no larger than a fingernail!) would send forth a "Thought-form" so tiny that it would be about half the size of the head of a pin. These are all directed out into Earth's atmosphere and—mind you—this is not done just once! This activity continues for a full twenty-four hour period and receptive consciousnesses will "pick up" the idea of this form in some way, all over the Planet.

The "Thought-form" Itself is not as important as the message

It conveys to each individual. What does that "Thought-form" mean to you? What are Its possibilities which you can externalize this year *practically*—to heal, bless, prosper and illumine mankind? Here is where your discrimination, your inspiration, your discretion and your practicality combine. For instance, the "Lamp of Truth" as the "Thought-form" for 1957 was used by some to draw forth more Truth for others—such as the rhythmic releasing of "The Bridge", "The Bulletin", the new book "The Seven Mighty Elohim Speak . . ." and to some it simply meant the expanding of their own consciousness of Truth. Some simply did nothing with it. In the Ascended Master Retreats there were some marvelous things accomplished through Its use. You who have magnetized more Truth through your wonderful applications, singing, visualizations and decrees, have drawn forth from Us more instruction, which is at least a part of bringing into fulfillment some of the manifestations represented by that "form". The "Thought-form" for 1958 will mean just as much to and for you as that which you can do with it to make it practically serve life.

Now, as the Beloved Sanat Kumara awaits the descent of the "Thought-form" for 1958, He is standing in the Teton on the circular Altar. He is dressed in the lovely violet raiment which He usually wears when serving upon the Earth and, tonight, serving as Regent, He wears it again. For a few moments, the oratory has ceased and all attention is upon our Beloved Sanat Kumara. This is a moment of great reverence for all present in the heart of this Great Mountain. Even the little Elementals which are usually very active, are now quite still.

Now We can see the pristine beauty of Immaculata—the Great Silent Watcher of the Planet Earth—Who has held the Immaculate Concept of the pattern of perfection for this Planet for so long. We then see pass from the Silent Watcher into the world of Beloved Sanat Kumara that "Thought-form" which, as We said, the Great Sanat Kumara breathes out into the Assembly. It comes now in the form of a magnificent double triangle of crystal light, in the center of which is the Great All-seeing-Eye of God. The whole form is outlined in the most magnificent green Flame of Truth. This whole form signifies clarity of perception, and many, many other things which you individually and collectively may develop through this year.

We thank Our Beloved Silent Watcher, the Great Sanat Kumara, and All Who have participated here tonight in the releasing of this "Thought-form" as opportunity for all. I ask for you (and I know you ask *with* Me) that for each of you It

shall bring the complete clarification of all your senses and your four lower bodies.

I am so grateful to be able to speak to you tonight and as always—I am—yours in love!

MONTHLY LETTER TO TRANSMISSION FLAME CLASS

May 17, 1958.

BELOVED ONES SEEKING TO KNOW AND TO DO GOD'S WILL:

I bless you for *wanting* to KNOW God's Will for you and, further, for endeavoring to DO THAT WILL here on earth. Little does one realize how much real merit there is in such loving, willing, joyous obedience to God's Will, while one is still in embodiment here.

I cannot over-emphasize the LOVE of the Beloved Master Morya for each of you—nor the welcome He has for you at His Temple. I do anticipate meeting you there and helping you to accept all the buoyancy which His Focus of Light offers to all who seek to externalize the Kingdom of Heaven on Earth!

Let go NOW of all reservations and reluctance to accept God's Will as the manifestation of ALL GOOD for you, your loved ones and the Earth Itself! Firmly and joyously enter into the Presence of Beloved Morya and His Brotherhood! You will find LOVE there—*not domination!* You will enjoy proximity to the Flame of God's Will and you will be able to bring back into your outer consciousness, world and affairs that happiness which comes alone from knowing and acting upon the knowledge that THE WILL OF GOD IS GOOD!

Love and Blessings

MAHA CHOHAN

GROUP INSTRUCTION MATERIAL FOR TRANSMISSION FLAME CLASS

May 17, 1958.

Friends of Beloved El Morya's Diamond Heart:

God—the Infinite Source of all—bless you and yours, this very instant and forever, with the FULLNESS of His Will made manifest for you in outer physical action, right here in this physical appearance world! I call directly to your own individualized God-presence "I AM" (Whose very life is beating your physical heart even as you read) and to the Beloved Master Morya, to seal you and your worlds in an all-powerful focus of the beautiful Diamond Heart of Perfection, all the rest of your way "Home", releasing to and through you Its gifts of invincible protection, illumination, peace of mind and the limitless supply of money and every good thing you require to fulfill your own Divine Plan—*the Will of God for you.* Ask our Beloved Jesus to flood your world NOW with HIS feeling of ACCEPTANCE of these gifts, that they may manifest practically and physically for you!

THE WILL OF GOD IS GOOD—for what? To instantly produce and eternally sustain ABSOLUTE PERFECTION in, through and around everyone, everything, everywhere forever!

IF GOD IS ALL-POWERFUL, WHY DOES NOT HIS WILL CONSTANTLY MANIFEST HERE? Because of His Own gift of free-will with which He has so generously and graciously endowed every lifestream—that free-will having been given them so that they could be co-creators with Him of greater and greater perfection and not mere automatons—simply doing as they were directed, without choice.

It is easy to understand that there could be no real Mastery without the use of free-will and choice. The Ascended Ones are often called "The Masters of Wisdom". Wisdom is the RIGHT USE of knowledge and knowledge comes from experiencing the results of cause and effect—learning what causes produce what effects—constructively and otherwise. Once the lifestream has gained this Mastery *for Himself*, He is then ready and able to teach others, having trod the same way Himself.

You see, after accepting the gift of life in individualized form from whatever God-parents we came, each one then began the use of that freedom of choice—either to stay in the Octaves of Light in which he was created, just continuously enjoying the light, love, happiness and general perfection which is there; or he deliberately chose to go farther afield, find out what was in the rest of the Universe and there, wherever he wished to go,

experiment with the creative powers of his being. So did the color and radiation of good from every Sphere in which he had abided for a time register in his Causal Body (the bands of color around the "I AM" Presence—upper figure in the Chart). In this way, the Cosmic Beings, Ascended Masters and Angelic Host can tell at a glance just who and what any being is and from whence he came, just by looking at the Causal body around his form (if he be an Ascended One) or around his "I AM" Presence, if that one be unascended as yet.

IF GOD IS ALL-POWERFUL, WHY IS NOT HIS WILL PARAMOUNT IN EXPRESSION HERE? The day is speedily approaching when this perfection shall manifest! The perfection of the manifestations of God's Will are constantly and eternally manifest in the starry Heavens, in the precision of the movement of the Earth around the Sun, in the rising and falling of the tides, in the coming and going of the seasons—*would that mankind's activities were as dependable in producing good to bless all!*

However, wherever the perfection of God's Will seems not to manifest here today, it is because of the interference of man's ignorance of that Will—*mankind's* will being imposed upon the pure, obedient life and light of Almighty God! In the infinite patience of the Heavenly Father, one day that too shall give way to the all-powerful, limitless love of the Creator of All—FOR DIVINE LOVE IS THE GREATEST POWER IN ALL INFINITY!

We have all heard the phrase so often: "Ignorance of the Law is no excuse!" Even in the courts of law in our work-a-day world, this statement is used. Why? Because the word "ignorance" is not correctly understood and, when separated properly, we see why. Were the word to be spelled "ig-*nor*-ance" it would be more correct for, since God is the ONLY LIFE there is and since it is HIS life which beats each heart, enabling the mind to think, the body to function and move about, etc., then that life, constantly flowing into and through each heart, IS INTELLIGENT and, like its Source—REALLY KNOWS ALL!

THERE IS NO LIFE ANYWHERE—even animal life—WHICH DOES NOT KNOW RIGHT FROM WRONG! Our Beloved Saint Germain has said that even the least spiritually developed of mankind (even those with cannibalistic tendencies living in the jungles) know the difference between right and wrong *through the feelings.* Even though the outer mind is not illumined, the Holy Christ Self lives within that beating heart (or there could be no heart beat there). Although very much limited by the personality's use of free-will, still that Christ Self watches every opportunity to guide that outer consciousness into the paths of right and light.

When a thing is wrong, there is always an unhappy or uncomfortable feeling about it directed into the outer consciousness of the individual concerned and mankind sometimes call this "conscience". However, *this feeling is often so very gentle* (especially in comparison to the violence which sometimes wants to express) and it often manifests as a "still, small voice" that is neither heard nor even noticed by the personality, because of the clamor and confusion of the senses demanding to be satisfied. Therefore, no one can honestly say: "I did not know. . . ." One should say: "I did not listen and obey. . . ." Very often, the price we are allowed to pay in suffering for such disobedience should make us listen next time—but do we? *We can from now on*—if we really MEAN that we want the Will of God to manifest for and through us!

After all, how can we do that Will without listening for its instructions? A Wise One has said: "The first duty of the outer self—every day—is to ask for orders from within". Do we—every morning—ask that ONLY THE WILL OF GOD MANIFEST FOR AND THROUGH US THAT DAY? Then, during the day, one should take a few moments at regular intervals to "BE STILL AND KNOW. . . ." that his *very own* Holy Christ Self is grateful for opportunity to guide him and give him all the assistance he is *willing to accept*—NOW!

Therefore, "ig-*nor*-ance of the Law is no excuse" because—the knowledge of the right use of the Law is right within your own life! Then, ig-nor-ance of that Law reveals a careless or even deliberate refusal to either listen or obey. This may seem like a hard saying, Gentle Reader, but it is Truth, just the same!

THERE IS NO SUCH THING AS FAILURE—there is only delay to the full manifestation of God's Will for all, everywhere forever! All discord is temporary—thank God! Anything manifesting the appearances of imperfection can only last for a limited time. GOD'S WILL OF ULTIMATE AND ETERNAL PERFECTION SHALL MANIFEST HERE AND LAST FOREVER! That perfection shall still be there—in ever-increasing loveliness, beauty and happiness—WHEN ALL ELSE HAS LONG SINCE GONE into the Sea of Forgetfulness (The Violet Transmitting Flame); emerging therefrom the pure and perfect Diamond Heart of God-manifestation—a veritable Phoenix, arising from the ashes of a dead past!

GOD'S WILL FOR YOU IS GOOD—Gentle Reader! ALL GOOD—and is meant to *manifest for you* every day—*here and now!* Be patient with yourself and with the Law, for It can only work *for* you AS FAST AS YOU WILL PERMIT IT SO TO DO, by your
